2012 Individual Membership

Be a leader - an Illinois Traffic Safety Leader!

www.itsl.us

Dear Traffic Safety Advocate:

As you are aware, the Illinois Traffic Safety Leaders (ITSL) is the only organized advocacy group in Illinois that is attuned to all traffic safety issues and is nationally affiliated. The membership of ITSL represents local, county and state law enforcement, insurance companies, higher education, various state agencies, and traffic safety professionals, together with volunteers. We are discovering that we can make a difference and we want you to be part of it!

For a $25 annual membership fee, you can stay informed about traffic safety issues being discussed in Illinois. Membership includes reduced registration fees for conferences, the quarterly ITSL newsletter which has statewide circulation and informational networking opportunities with traffic safety leaders throughout the State.

Complete this section for both types of payment.
